possible to appropriate out of that grant. It seems out of the question to divert any money from the drinking water wells fund for any other purpose

Mad 4.12.15

of the additional grant now required is for well-works. Can't it be made available from the Special grant for well-works.

KP 7/12

Mad 7.12

10 The grant for Drinking water wells forms a distinct fund earmarked for 'Drinking water wells' in the several Dts. The well works under the Malnad Improvement Scheme are distinct from those under the Rural water supply Scheme. Thus it appears that the Drinking Water Wells Fund Can not be deviated for works under other Schemes although they may relate to wells for such deviation means the diversion of Provincial Village Improvement and District Fund Contributions ~~to the~~ for purposes unconnected with the Rural water supply Scheme i.e. overlapping of schemes & moreover there are not sufficient funds to meet the Demand of the Hassan Dt since the provincial grant has already been allotted among the seven Districts as shown in the margin —

11 I am unable to perceive the fine distinction between "Drinking water wells" executed under the well Scheme and those executed under the Malnad Improvement Schemes. So long as the amount is spent on sinking or improving drinking water wells, I don't think there is any objection to utilize the grant — no matter thro' what agency the work is executed. I do not think any special agency has been created for executing works under the Special well Scheme. In every case it is the local Authority who have to do the work, and tho' they go by different names as the D^t Board & the Malnad Improvement Committee etc. I don't think the area included under the Malnad Improvement Scheme is excluded from the benefit of the Rural water supply Scheme. So long as the area where the Village well is proposed to be sunk is a Village or non-municipal area as opposed to a town or municipal area, I don't

Hassan Committee, M.I. Scheme

To D. M. Narasinga Rao Esquire, B.A. B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore
General Department Bangalore

Dated 25th November 1915.

Despatched

Received

Camp Saklespur

General No. 62

No. Camp

Enclosure No. one

Subject

Requesting to sanction an additional grant of Rs: 15,000/- for well works under the Mahad Improvement Scheme

with amounts actually required for their execution during the current year

2 Some of the well works started last year, though nearly complete in June last were not paid for in full - and their respective payments are now being made from the funds provided for the current years working i e out of Rs: 20000/-. The amount thus required for the uncomplete well works of last year which are now ripe for payment is Rs: 4,215/-

3. So far at present, as many as 19 fresh well works at an estimate cost of Rs: 13,001/- are pending sanction and in view of the fact that these works have been proposed to be undertaken in consultation of the local officers and the Special Sanitary Officer to provide immediately good drinking waters to the villages they have to be undertaken urgently - and cannot be put off. So the total sum thus required to meet the expenditure on wells is Rs: 17,216/- whereas only Rs 5,000/- is sanctioned for well works by Government

(c)

Government in their order under advertence

4. I therefore request that in the foregoing circumstances as also in consideration of the fact that some more well works will have to be sanctioned hereafter in addition to those that are now pending sanction, Government be pleased to sanction an additional grant of Rs: 15,000/- to enable the Committee to undertake and complete all the works before the close of the current Official Year

I have the honour to be,
Sir,
Your most obedient Servant:

D Ramanathan

Deputy Commissioner
and Chairman
Hassan Committee
M. I. Scheme
